first national REAL ESTATE | Gerard Smith

258-259 Alpine Road YERRINBOOL NSW

Here is an opportunity to buy 12 acres of naturally wooded land with views of the Neapean Valley at the end of the property.

This is certainly a great buy and would suite a first home buyer to purchase.

The block would require some clearing and work also need to connect your electricity, phone and provide your own water tank.

Either way this is a great start to venture out and explore the possible opportunities.
