Spectacular Country Homestead, Massive Workshop, Studio Flat on 7.5 Acres

Everything you want is right here, set back from the three road frontages on this corner block. This private, spacious family home with rural setting and bush aspect will have you enjoying the genuine space, peace and privacy all day long. Greeted by the long driveway you pass through park like lawns with its established trees and flowers.

The home itself has been fully renovated using quality finishing and refinements. Looking for large rooms? It's all here, each bedroom is king sized, the bathroom presentation stunning, the hallway wide enough for a pool table and the living spaces, not-to-mention the undercover entertaining area, are to be seen to be believed.

Perfect for those with trucks and large vehicles, a huge shed with high roof line and two high set roller doors is here complete with power. Another outbuilding boasts masses of storage space and a huge, separate self-contained studio upstairs.
