Charming Residence Granny Flat 2.55 Acres

We are excited to present this rare opportunity to the market place. The perfect family residence situated behind a post and rail fence in a family friendly environment. It is rare to see a property to come on the market in this sought after location. Central to the township of Douglas Park and only minutes to the school and shops.

The property is set behind electric gates in a beautiful quiet setting. The home has gone through a recent renovation with a new Alfresco area, master bedroom extension and ensuite. The in law accommodation is separate having the kitchen, bathroom and garage area. Large acreage is hard to find in this location and would suit from horse, tradesman or truckies.
